

WATT PLAYS AS INJURY COSTS LANE

Frank Currie, Flyer coach, must not be his lucky stars every time he had at his back and call at "this time this season."

Currie, following a workout, was revealed that Doug Lane, tried as Flyers whacked Ottawa Senators by 6-2 in the opening game of the Allan Cup finals in Regina Wednesday, will be on the sidelines when the squads square off for the second time at the arena Sunday night.

Lane stopped a shot on a foot

previously racked up in a game at Indianapolis late in December while the Prince Albert product still was with St. Louis in the American League.

At the same time that coach Currie explained Lane's predicament, he also was able to announce that Gordon Watt, Flyer captain who also operates on the rearward, was ready to swing back into action. Watt came up with a sprained ankle in the second game of the Winnipeg series.

So it will be Watt for Lane and the western tilts will still be at full strength.

A win in tonight's game against the Ottawa Senators will complete a perfect day for team captain Gordie Watt.

Friday morning he was the proud father of a six pound, two ounce boy, with mother and son doing nicely in a local hospital. The popular captain was receiving congratulations from his team mates, and from the general public. This is his first offspring.

It is a two to one bet that Allan Watt will figure somewhere in the boy's life.

Tonight's game is even more important to Ottawa than to Edmonton. Already one game down, it is imperative that Senators climb back on even terms with Flyers, for with the third of the best-of-seven series also slated for Edmonton ice, a two-game deficit tonight could prove disastrous to Allan Cup chances of the Ottawa club.

The Friday night drill of Flyers was along spiced, it was exactly rugged, lines. Lane did not climb into his monkey suit and accessories but settled for a number of turns around the rink before asking to be "included out" where tonight's struggle is concerned.

Sensors practiced earlier in the afternoon. At the conclusion of the drill coach George (Bucky) Boucher made it quite clear that he expected his eastern hot-shots to turn in a

much better showing than was the case in Regina.

The Ottawa mentor also took time out to emphasize that his men had no pre-ordained plan to convert the arena ice into any kind of battleground. A former great in NHL circles, Boucher stated that Senators would head into action with one idea: "make it a day's work."

There isn't a chance that the

Arena will be anything but loaded to the rafters for this one. Reserve seats were at a premium Friday and early Saturday morning a line-up was forming at Mike's News Stand, target of the early birds being rush accommodation of any kind.

Danny Cox and Frank Elliott, officials who handled the rough-and-ready opener, will again be in charge. The occasion will mark Elliott's first appearance before an Edmonton crowd.

WEATHER

Today and Sunday—Continuous rain, becoming intermittent Sunday morning.
Edmonton temperatures—High Friday, 40; overnight low, 37; estimated high today, 40; estimated low tonight, 36; estimated high Sunday, 40; estimated low Sunday night, 34.
Sunday sunrise—4:29; Sunday sunset—8:04.

MACHINERY helped win the battle against floods at Wetaskiwin. Bulldozers were to the fore in building a dam to hold back the waters. Lumber was moved over heavy roads by mechanized equipment.

As Wetaskiwin Battles Flood

IT'S BEEN days and nights without sleep for Mayor Morley Merner of Wetaskiwin. The mayor has been the tireless leader of 500 weary flood battlers since last Tuesday. He has had able assistance from W. C. Parnell of Los Angeles, manager of United Geophysical Co., shown with Mayor Merner above. The mayor is at the left.

70 KILLED IN COUNTER-ATTACK

Jewish Forces Disregard British Cease-Fire Order

4 Buildings Lost in Fire

DIDSBURY, May 1.—(CP)—Fire which originated in the William Goshall watch repair shop ended by taking toll of four buildings along Didsbury's main street early this morning.

The alarm was turned in at 5 a.m. but the blaze already had a firm hold on the first building. When it was first sighted, in quick order the flames travelled west, enveloping William Goshall's residence and swept through the Pioneer Printing Press, owned by E. J. Rouleau, where files were consumed. Moving east the fire caught the Severns and George Smith residences.

The fire department appeared quickly but found itself helpless before the intense mass of flames.

WEATHER IN APRIL "UNUSUAL" FOR SURE

April, 1948 was one of the most unusual months on record for weather conditions, the Edmonton weather officer reported today.

Average temperature for the month was 26.8, compared to the normal figure of 39. Previous record low was recorded in 1920 when average temperature was 27.4.

Precipitation was 2.85 for the month just ended, compared to .93 normal. Previous record was 2.82 in April, 1931.

Total snowfall during the month was 23.7 inches. Normal fall is 4.2 inches and previous record was 17.4 inches in 1935.

A new record was also set for the least amount of sunshine. Figure for this year was 123 hours. Previous record was 127.4 in 1920 and normal amount is 226 hours.

UNSHORN MAYOR GOOD PROSPECT

MARSHALLTOWN, Ia., May 1.—(AP)—Mayor Don Taylor will be a likely prospect when he addresses the state convention of the Iowa Barbers Association Sunday. The mayor is actively supporting the Junior Chamber of Commerce frontier days celebration to be held in May. He hasn't shaved for a month.

Woman Makes Home In Auto 2½ Years

VANCOUVER, May 1.—(CP)—A 26-year-old woman has made her home in an automobile for the last 2½ years.

Felix suggested to her yesterday that she move.

As east end resident reported that a car had been parked at the rear of her home for five weeks. Police investigated and found the mobile dweller. She said her mother, who lives in Victoria, supported her.

Drumheller Relief Fund Passes \$1,500

CALGARY, May 1.—(CP)—A fund started by No. 1 branch of the Canadian Legion to aid flood-stricken residents of the Drumheller valley district yesterday passed the \$1,500 mark, fund officials said last night.

BRITISH CASUALTIES

British casualties during yesterday's fighting were reported to be one soldier killed and five wounded. Arab casualties were not known.

Evacuation of Jaffa and Arab villages throughout the entire area was reported continuing.

CAIRO, May 1.—(AP)—Arab sources said today King Ibn Saud

ordered his army to join Egyptian troops on the southern front of Palestine.

AMMAN, Trans-Jordan, May 1.—(AP)—A war council of five Arab states continued today to plan Palestine operations which King Abdullah predicted "will tighten the ring around the Jewish enemy."

By LEO TURNER

JERUSALEM, May 1.—(BUP)—Irgun Zvai Leumi forces broke a cease-fire truce on the Jaffa battle-front last night and 70 of them were killed in a powerful British counter-attack, it was announced officially today.

Authorities in Palestine announced tonight that the Arabs shelled the northern outskirts of Jerusalem.

British military reports said the Irgunists attacked Arab lines and mortars during the night in the Tel Aviv-Jaffa border area and occupied a house 30 yards from the British lines. Some mortar shells fell within the British area.

Other Irgun forces tried to break through Arab lines during the night. British-imposed truce and the Jaffa magistrate court, these reports said.

A British armored car supported by Argill and Sutherland Highlanders counter-attacked the Irgunists in the house and drove them back to their own lines.

Other British troops hammered the Irgunists attempting to seize the court building with light tanks, mortars and bazookas. The battle continued throughout the night.

The cease-fire was ordered by British High Commissioner Sir Alan Cunningham yesterday. Cunningham issued an ultimatum saying he would bomb the Jews out of Jaffa if they did not agree by noon today (6 a.m. EDT) to give up some of their positions in Jaffa and guarantee the status quo until May 15. The night attack apparently was the Jewish answer.

The official said most builders now are steering clear of the low-rental housing field because of the uncertainty of returns on investments.

He said that to qualify for the insurance a builder will have to conform to construction standards set by the corporation. In return for guaranteeing the rent, the corporation will also have some say in rent charged by the builder.

The amount of the guarantee will vary according to the type of house built for rental.

The corporation, he said, likely would reserve the right to purchase, under certain conditions, the dwellings on which it is guaranteeing the rent.

The same measure will provide for dissolution of Wartime Housing Limited which built most of the houses erected in wartime for industrial workers.

A new Crown Company will be formed to take over the work of Wartime Housing.

Not Miracles, Just Progress

Exclusive of plans for 1948 which involve the expenditure of \$428,553, the city of Edmonton has spent on street paving only \$1,445,510 since the beginning of 1939. This figure represents a surface of 169,374 square yards of paving.

It is true that this period includes the war years when, owing to the scarcity of materials and labor, no paving was done at all in 1941, 1942 and 1945.

But with 425 horrible miles of dirt and gravelled roads crying out to be surfaced and with 500 miles of dust-laden lanes pleading desperately to be paved, the activities of this nine-year period, war or no war, represent no progress at all.

In short, Edmonton's roads and streets are deteriorating faster than they are being renewed. And the paving situation is infinitely worse than it was ten years ago.

No one expects miracles of either finance or accomplishment. But the citizen is entitled to expect some progress. He is entitled to find advance, however slight, instead of lamentable and alarming retrogression.

Paving streets and lanes and building adequate sidewalks are admittedly costly operations.

But the lack of these facilities is even more costly.

Edmonton's present condition, first mud and then dust, involves annual damage to household furniture, to clothing, to business equipment, to motor cars and trucks plus a loss in tourist revenue which together would total a much larger sum than the interest and sinking fund charges on debentures sufficient to pay for a complete paving job.

This rapid deterioration in Edmonton's streets and sidewalks and lanes indicates that present civic officials are only playing with the problem.

That is why The Edmonton Bulletin urges the immediate engagement of some competent group of engineers, skilled and experienced in making civic surveys, to investigate the situation here and make recommendations leading to a really progressive paving program that will actually get things done.—Editor.

Govt. To Encourage Low Rental Building

OTTAWA, May 1.—(CP)—In an effort to encourage the building of low-rental housing units, the government plans to launch a rental insurance program.

Under legislation now on the Commons order paper, builders will be guaranteed an annual return for periods up to 30 years on rentals housing.

Full details of the legislation have not yet been disclosed, but a government source said last night that the insurance plan will be handled by the Crown-owned Central Mortgage and Housing Corporation.

The source said most builders now are steering clear of the low-rental housing field because of the uncertainty of returns on investments.

He said that to qualify for the insurance a builder will have to conform to construction standards set by the corporation. In return for guaranteeing the rent, the corporation will also have some say in rent charged by the builder.

The amount of the guarantee will vary according to the type of house built for rental.

The corporation, he said, likely would reserve the right to purchase, under certain conditions, the dwellings on which it is guaranteeing the rent.

The same measure will provide for dissolution of Wartime Housing Limited which built most of the houses erected in wartime for industrial workers.

A new Crown Company will be formed to take over the work of Wartime Housing.

Civic Flood Bill Placed At \$10,000

Property Damage Is Not Included

In Mayor's Estimate

By JACK DE LONG

Edmonton's civic flood bill was estimated today by Mayor Morley Merner at a minimum of \$10,000.

This amount would represent cost of actually battling the floods and is exclusive of a heavy property damage bill as yet not compiled.

Despite the money spent in combating waters that menaced the city 40 miles south of Edmonton since last Tuesday will go to operators of machinery, the mayor stated.

For the past three days there have been 10 to 15 caterpillar tractors, bulldozers and "rippers" digging rip-rap canals and building up earthen levees.

\$200 AN HOUR

Machinery costs would run at about \$200 an hour, Mayor Merner estimated.

Despite a possible heavy drain (Continued on Page Two)

Immigration Men Seek Information

VANCOUVER, May 1.—(CP)—Immigration authorities here will press for further information concerning charges that tramp steamers are dumping "thousands of subversive and criminal aliens" into Pacific coast ports.

The charges were made recently in a magazine article by Representative McDowell, member of the United States house committee on un-American activities. He charged the aliens included "Nazis and Communists."

If McDowell has that much information it should not be difficult for him to name ships and ports. We will certainly go after it, an official said yesterday.

Paris Motormen Authorize Strike

PARIS, May 1.—(AP)—The Autonomous (Anti-Communist) Union of Motormen last night authorized a strike on Paris subways beginning today. The union demanded increased pay and better working conditions.

Seeding Resumed

LETHBRIDGE, Alta., May 1.—(CP)—Seeding in the Lethbridge district resumed today with the return of sunny weather. Planting had been delayed by wet weather in the last few days.

Additional Rain Forecast Here

More rain was forecast for the Edmonton district today, but this area was favored somewhat Friday night by the weatherman.

Considerable amount of snow has fallen in the Peace River region to the north and the foothills area to the south. In the general rain and snow storm that has settled over Alberta and Saskatchewan.

A total of seven inches of snow was reported on the ground at Whitecourt this morning while in the Rocky Mountain House district, there inches of snow fell during the night. Calgary also had three inches of snow.

A trace of snow was experienced at Vermilion, east of Edmonton. Outlook for the Edmonton region on Sunday is continued cold with intermittent rain.

The storm is moving slowly eastward, but no let up is expected before Monday.

formerly carried out by Wartime Housing. A name has not yet been chosen for the new company, but its main duty will be to provide low-rental housing and housing for

Calgary-Edmonton Railway Line Out

By Jack DeLong
Bulletin Staff Reporter

Although Wetaskiwin seemed to have won her grim, weary battle against menacing flood waters today, condition of an earthen dam west of the city was still causing apprehension.

Nearly-exhausted crews were strengthening the south end of a 300-yard dam with timbers after the town siren had screamed a fresh alarm at mid-morning Saturday.

The dam is one and one-half miles west of Wetaskiwin. Reports at press time Saturday were that the dam seemed likely to hold.

Rail communications on the CPR between Edmonton and Calgary were disrupted three miles south of Ponoka, where 100 feet of track was washed out by the rampaging battle river.

A pile bridge is being built and train service is expected to be restored Saturday night.

The midnight train for Calgary was delayed at Ponoka and is returning to Edmonton this afternoon.

It was feared that highway traffic may also be disrupted if flood waters continue to rise.

New Slide at Gwynne

A new slide near Gwynne, six miles northeast of Wetaskiwin, brought 100 tons of mud tumbling onto the CPR Winnipeg line and all rail traffic is tied up.

The north-bound train from Calgary this morning was held at Red Deer and it is planned to reroute it over CNR tracks to Edmonton.

A second washout just south of Red Deer undermined 100 feet of the main line after Waskasoo Creek went on the rampage.

Saturday the CPR dumped four carloads of rocks into the creek. The creek was being closely watched by city officials as it flows through the centre of the city. A small bridge on Kingsmill Avenue was closed after the approach had caved in.

There did not seem to be any immediate danger of a flood in the residential section.

Dikes are being built to hold back the rising waters in low places.

Damage to the Nazarene College property has been estimated at \$7,500.

In the meantime Alberta counted its 10th death from floods this morning. It was the 16th fatality in the prairie provinces.

Lloyd Kraft, 25, was drowned as he sought to cross the Horseshoe guard river at Eckville.

Eckville is about 100 miles south and west of Edmonton.

Kraft's companion, Gordon Coen, saved himself by grasping bushes on the river bank.

The Horseshoe and Medicine

Two men killed As Plane Crashes

TOMPRINS, Sask., May 1.—(CP)—Two men were killed near this southwestern Saskatchewan town today when their aircraft crashed shortly after taking off.

Bill Coulter, who lives 16 miles northwest of here, and Griffith O'Donnell, 26, of Sidwold, Sask., were killed in the crash and the aircraft totally destroyed.

Overnight is 45 miles west of Swift Current.

RESULTS OF BULLETIN CONTEST ARE HELD UP

Owing to the large number of entries received in The Edmonton Bulletin's Know Your Alberta Contest and the fact that tie-breakers were necessary to determine some of the prize winners, the results have been delayed.

Listen in to station CJCA Tuesday, May 4 at 10:35 p.m. when some, if not all the winners of the contest will be announced.

Watch your daily Bulletin for complete results.

SHE'S NOT A GAMBLER'S DAUGHTER \$50,000 Damage Action Filed by 'Klondike Kate'

HOLLYWOOD, May 1.—(AP)—Mrs. Kate Rockwell van Duren, known as "Klondike Kate," filed suit today for \$50,000 damages, alleging a reference to her on a recent Fibber McGee and Molly radio program held her to ridicule and invaded her privacy.

Mrs. van Duren charged that a Feb. 17 broadcast referred to "Klondike Kate" as a gambler's daughter. She contends that she has been known as "Klondike

Kate" for 50 years and that she is not a gambler's daughter.

The suit names as defendants the National Broadcasting Company, Earl C. Anthony, Inc., operators of station KFI; S. C. Johnson & Son, Inc., the program's sponsors; Neudam, Louis & Broby, Inc., advertising agency; Harlow Wilcox, announcer at the time; and "Mrs. van Duren recently was married to William C. Duren of Bend, Ore."

Shows were forecast for Derby Running

LOUISVILLE, Ky., May 1.—(BUP)—A half-inch of rain fell in Louisville early today and showers were forecast for the remainder of the morning. The track at Churchill Downs will be run at 6:30 p.m. EDT, was sloppy. The weather was expected to improve this after-

EDMONTON'S MOST MODERN HOSPITAL UNIT is the newly constructed annex of the Royal Alexandra hospital. Erected at the cost of \$232,000 the new wing is the acme of perfection in equipment, construction and decorative design. Consisting of 51 beds, it will be used to accommodate aged, chronic and convalescent patients.

—Photo by Bland.

New Annex of Royal Alex 'Tops' in Modern Hospitals

Rated as one of the finest examples of luxurious hospital beauty in modern design for service and comfort, the new annex of the Royal Alexandra hospital, reflects great credit to those responsible for planning and designing this establishment.

Erected at the cost of nearly \$250,000, the two and a half storey institution will be employed to accommodate and serve aged, chronic and convalescent cases.

It contains 51 beds. Everything about then we structure is the last word in ultra-modern design. New streamlined fixtures and up-to-date equipment throughout gives the entire building an atmosphere of restful beauty conducive to enjoyable relaxation. As one elderly patient remarked,

"Being confined to a hospital like this is most enjoyable and it makes you feel that you'll get well soon and regret leaving the place."

WEALTH OF FEATURES

It is hard to choose the most outstanding feature of the building. The wealth of detail in evidence

the degree of planning and materials chosen combine to give a harmony of design, fixtures, equipment and decoration difficult to surpass.

The entrance is singularly attractive. To the right as you enter is a compact, modern and most adequate information office. On the left is a luxurious visitors' waiting room. A doctors' lounge is situated across the corridor while opposite is a modern service kitchen.

The entire first floor of the structure is reserved for male patients. At the south end of the establishment is a spacious men's lounge attractively decorated in a pastel shade of aqua blue. Women's quarters are on the second storey, where again is a

B. H. Ebbers Chief of Staff

"Handy Andy" of the Royal Alexandra hospital is Chief Engineer B. H. "Benny" Ebbers.

Short, friendly and active, Ebbers is responsible for the care and maintenance of the hospital—a job he does exceptionally well—according to his superiors.

He is "chief of staff" to the painters, plumbers, engineers, carpenters, gardeners, laborers and general help and he's got everyone's visitors' waiting room, information office and kitchen. Also in the south end of the institution is an attractive, furnished ladies' day room, artistically decorated to suit milady's tastes.

Acoustical tile ceilings predominate through out the building. The floors are reinforced cement, with brown battleship linoleum in the wards and a green speckled linoleum battleship linoleum along the corridors which is trimmed on both sides by terrazzo tile.

FINE SOUND SYSTEM

The builders have wisely paid particular attention to installation of an excellent sound and communication system. Not only is there direct P.A. and communication signal linking every ward but the sound which filters into each room is of a tone most pleasing to the ear.

An automatic controlled elevator of the latest design serves the building.

Nine resident nurses have ultra modern quarters on the third floor.

The resident latrines are to be quartered on the ground floor. The heating and air conditioning is completely automatic in operation, controlled by room thermostats located in each ward.

problem solved almost as soon as claims he should because as he puts it "I've been here 19 years." He joined the staff as assistant engineer on Dec. 15, 1929. Born and educated at Alton, Province of Gelderland, Netherlands, Ebbers boasts that he knows lands, he migrated to Canada at the "every nook and cranny" of the age of 18, arriving in Edmonton in spacious hospital buildings. He April 1911.

ENTRANCE TO THE ROYAL ALEXANDRA HOSPITAL has taken on a new look with the completion of the new administration wing. The new face comprised of white terrazzo tile is the last word in streamline modern design and construction. The building will house the Administration offices and 12 private wards. Cost of construction \$73,000. —Photo by Bland.

Latest Heating, Ventilating System Serves Hospital

If there is any one place in the city of Edmonton where the acme of perfection is attained in heating and ventilating equipment it is probably the new annex and administrative wing of the Royal Alexandra hospital where the most modern and up-to-date engineering installation is now in use.

These two new structures, like the other buildings of the ever-expanding hospital, are served with the latest designs of heating and ventilating systems which will maintain an even temperature and comfortable humidified air conditions.

Source of the streamlined system is the hospital's new power house and ultra modern boiler room, said to rate with any of its size in the Dominion.

COST \$135,000
This new power house, recently completed at the cost of \$135,000, has eliminated former heating problems and has given that added something to the hospital's air conditioning" said Chief Engineer B. J. Ebberts.

No greater pride is taken in the new system than by Ebberts, whose responsibility it is of keeping the equipment at his disposal in perfect operation. In this work, his shores are eased because the equipment is of the latest design and functions automatically.

Nevertheless, a round-the-clock vigil is kept by six other en-

ginners, two to each eight hour shifts, to assure that the various gauges operate as scheduled.

"We used to have the odd headache with the old power house and boiler rooms but they are things of the past now," said Ebberts, continuing to talk about the new plant, which, incidentally has the atmosphere of a well-grounded kitchen, entirely clear of odors and dust. It is meticulously clean and well-illuminated.

Three Foster Wheeler boilers have been installed with complete automatic controls. Two of these are sufficient to heat the hospital buildings and supply adequate chemically-treated water and other services. The other unit is standing, always ready for service.

The boilers are fired by gas, but should there be a gas failure, or anything unforeseen happen, the automatic system is so arranged that the boilers can be transferred to an oil fuel without the slightest interruption of services.

Two huge oil storage tanks, capable of supplying sufficient fuel for the entire three boilers

Royal Alexandra Given 'New Look'

Hospital Front Enhanced By Attractive Entrance

The Royal Alexandra hospital has taken on a "new look". For close to two years a four-story front to the "Alex" has been under construction and today is officially open to the public.

This new face, constructed in white terrazzo tile, attractively enhances the entrance to one of Edmonton's largest hospitals. Quarters in this new structure will be the administration offices of the hospital, two spacious sun parlors and 12 wards.

The new wards are the feature of the building. For it will be in these 12 rooms that patients admitted after 7 p.m. each evening will be quartered.

AVOIDS DISTURBANCE
This move is being undertaken by the hospital management so as to do away with unnecessary disturbance to other patients.

In this section is the most modern hospital equipment on the market today and patients can be treated for everything but an emergency operation. They can, however, be readied for such an operation.

Each room is a one-bed private

ward with all the trimmings available.

The first floor of the new four-story front extends 68 feet from original entrance. The second storey extends 48, the third 36 and the fourth 24.

An air of distinction is given the new entrance by the unusual decorative design on the walls. A cream-toned grey predominates on the walls with a five-foot panel of feet attractively finished in a light walnut grain on three different types of wood, oak, maple and birch.

A spacious reception room, attractively furnished, is on the left as you enter, while on the right, is a women's lounge and washroom and a men's washroom.

INFORMATION OFFICE
Straight ahead is a spacious information office, equipped with two modern switchboards and record panels which signify where each

NEARLY 700 NEEDED TO "MAN" HOSPITAL

A staff of nearly 700 is required to maintain Royal Alexandra hospital.

Of this total, student nurses form the majority, there being 192 of them employed.

Graduated staff nurses total 105 while ward aids number 50.

The hospital boasts of 79 staff doctors and 73 associate doctors.

There are 20 internes at the hospital, 92 maids and 10 nurses aides.

The remainder of the staff is made up of laborers, mechanical men, carpenters, painters, steam engineers, cooks, gardeners, plumbers, machine shop men, electricians and general handy men.

daily consumption of gas during the winter months is 221,000 cubic feet, which allegedly produce some 238,600 pounds of steam.

Daily, 29,900 gallons of water is softened and chemically treated for hospital use. Total water consumption daily is said to be 88,029 gallons.

The water softening plant is adjacent to the boiler room as is the new turbine power plant, which shortly will provide independent electricity of the hospital.

Dr. Ronald Easton, who is assistant medical superintendent of Royal Alexandra hospital.

patient in the hospital is quartered.

Adjacent to this office is an attractive canteen operated by the Canadian National Institute for the Blind at which cigars, magazines, sweets, cigarettes, etc., may be purchased.

Beyond is the general business and administration offices.

While to the left and right of the entrance to the hospital are the offices of Medical Superintendent Dr. A. F. Anderson and Assistant Medical Superintendent Dr. Ronald Easton, respectively.

Eight wards and a sun porch are on the second storey, four wards are stationed on the third storey while a spacious sun porch occupies the fourth floor.

Cost of this modern erection which is up to date in every way was \$125,000.

Bed Capacity Now Up to 595

The bed capacity of the Royal Alexandra Hospital has been increased to 595. The first wing of the hospital, erected in 1911, was built to accommodate 150 beds. In 1920, a 120-bed middle wing was constructed and in the spring of the following year a 102-bed isolation ward was built. Eight years later, in 1929, the hospital added a west wing, to accommodate another 160 beds. The newly-constructed annex, to be used for chronic and convalescent cases, contains 51 beds. Twelve one-bed wards and two sun parlors are housed in the new administrative construction.

The city of Quebec was founded by Champlain in 1608.

Dominion Heading Into Defence Bloc

Anti-Communist Alliance Seen Ahead for Canada

By Douglas How

OTTAWA, May 1.—(CP)—Call it Atlantic Union or a League of Free States or what you will, Canada is moving toward defence commitments that may in effect bind her to an anti-Communist military alliance within the next few months.

A broad section of parliamentary opinion has found that implication in External Affairs Minister St. Laurent's foreign policy speech of Thursday, it was a bold, blunt speech—it may be that the free states, or some of them, will soon find it necessary to consult on how best to establish a collective security league.

The essential importance of the speech lay within the context of a swift accumulation of events. The international situation has come to a point where what Canada has been saying now has practical import.

WEST EUROPE BLOC

Spurred by the Communist coup in Czechoslovakia, Britain and other Western European nations have capped broad political and economic union with defence meetings, which started yesterday in London—that are looking for military coalition.

The United States has underwritten their economic recovery and is moving towards parallel military guarantees. That, in turn, could be the cue for Ottawa.

Canada, for some reason or other, may restrict her alliance to the Western Hemisphere but the effect would be the same. The Democratic nations are lining up together for what St. Laurent called a dynamic counter-attraction to Communism.

The Rev. Gerald Rogers, minister of Knox United Church, who will be the Anniversary Service preacher at Central United Church on Sunday morning.

Church Leaders Hold Big Rally

LONDON, May 1.—British top-ranking Protestant and Roman Catholic leaders will occupy the platform at a public meeting here to "rally Christians to positive action in support of western Europe along Christian lines."

The meeting will take place at Albert Hall and will be presided over by Lord Halifax.

W. I. In Northern Alberta

By MRS. HUGH J. MONTGOMERY

Argyle branch reports that a rural school building has been moved to Alliance and nearby for the rural purposes. Miss McLeod, University Extension Department, attended the opening of which she made suggestions for preparing and maintaining a library. The Rev. McGregor outlined the steps leading to the securing of the library and Mayor Lyons congratulated and thanked the Women's Institute for the new home brought to the town. He officially declared the library open.

Greetings were received from the founder of the project, Mrs. Fleming and Mrs. Williams. Following the ceremony refreshments were served to the 50 guests who attended. The library will be open to the public on Saturdays from 3 to 5 p.m.

Jasper branch recently held a demonstration on making a dress form under the direction of Mrs. Hanks and Mrs. Rider.

Wapiti branch has organized a girls' club, the Pathfinder, under the supervision of Mrs. H. O. Helsen Meloy is president, Georgina Lortman, vice-president, and Nina Lortman, secretary-treasurer.

Mrs. E. E. Rogers presented a detailed report on the district conference and displayed a piece of lace made in the southern states at the beginning of the century. Members will exchange books at meetings and each member will purchase one she already has.

Grande Prairie branch is sponsoring the Red Cross and the Appeal for Children fund. Recently they made a donation to Teen Town in aid of their proposed building. By catering at the women's bazaar over \$100 was raised and recently a social evening was held where four members presented a skill. Down by the Levee. Mrs. Boucher read a paper dealing with handicrafts and it was decided that the winner of the constituency handicraft exhibit would receive an AWI spoon.

Newbrook branch has decided to co-operate with the men of the town in sewing quilts. The quilts are being made for a bazaar after the successful St. Patrick tea.

Irish Creek branch read a paper, Life will be Healthier and Happier if We Take Our Time. Mrs. Nix, secretary, reported on the district conference and a donation was made to the Red Cross. Members are present sewing for the hospital at Manville. Before leaving the district Mrs. Lacombe was presented with a gift.

Lac La Biche branch was recently addressed by Miss R. Yeoman, speaking on Red Cross work during the war which she witnessed in England. Another guest speaker was G. Nealing, school principal, who spoke on social welfare work. Members will co-operate with teachers in furthering the health of school children.

Dr. Hrimshaw discussed the reorganization of the curling club, while Mrs. T. Lett reported on W.I. work. An AWI spoon was presented to Mrs. Malarchuk before she left the district to reside in Grande Prairie.

Irma branch celebrated its twentieth anniversary at a social evening.

ing in Hedley's hall. A sewing group is being held under the direction of Miss Horley and it was announced that special flooring is being laid in the W.I. room. Mr. Macdonald reported on the discussion of the diseases of animals with reference to humans, weed control and the preparation of poultry for market.

Graham branch had a discussion under the leadership of Mrs. Sturdy on the women's work week held yearly at Old's School of Agriculture. Mrs. MacDonald reported on W.I. work. Suggestions were made for tree planting and a donation was made to the Appeal for Children fund.

Echo Hill branch recently sent five 20-pound parcels to Britain, while proceeds from a card party were divided between the Red Cross, Appeal for Children fund and the Crippled Children's fund. Mrs. Griener read a paper on the Age of Wood.

Springvale branch read a paper on Wood's Christian Home, the paper being prepared by Miss G. Shanks and read by Mrs. Nichols. Members from Hildesheim Valley were present. They have recently heard talks on W.I. activities given by Mrs. H. Toner and Mrs. D. Bodwell. Donations were made to the Red Cross and the Appeal for Children fund.

Happy Centre branch is busy with the Better Farm Homes competition. Mrs. J. McLaughlin spoke on handicrafts at recent meetings, while attractive articles have been secured for the bazaar. Donations were made to the Red Cross and the Appeal for Children fund.

Beaver Flat branch are sending parcels to friends in Britain and are busy making shawls and quilts to be sent overseas. Mrs. Woodbridge read a paper on the Chinese and Mrs. Burroughs reported on the district conference. Donations were made to the Red Cross and the Appeal for Children fund.

St. Albert branch recently had a visit from Mrs. Thorne of Fort Saskatchewan, constituency convener, who spoke to the meeting on handicraft, a subject she studied at the Banff School of Fine Arts. Mrs. T. Adkinson speaking on agriculture stressed the necessity of maintaining the fertility of the soil to ensure the production of nutritious vegetables. Study of the provinces of Canada was continued under the leadership of Mrs. Blair. A resume of the resources of Alberta was given, and donations

made to the Red Cross and the Appeal for Children fund.

STEER PRICE MAY BE ALL-CANADA RECORD

CALGARY, May 1.—(CP)—A Hereford steer, owned by Jack Paul of Okotoks, president of the Alberta Cattle Breeders' Association, sold for \$21 a hundredweight at the Calgary stockyards yesterday.

Stockyard officials here said they believed this to be an all-time Canadian record for commercial stockyard sales, although much higher prices have been realized for show cattle.

Current prices at the Calgary yards have been hovering around the \$18-\$19 mark due to an acute shortage of good cattle offerings caused by transportation due to weather and road conditions.

were made to the Red Cross and the Appeal for Children fund.

OIL Industrials Ease In Dull Trading

B.A. Oil Advances Slightly; Sherritt-Gordon Again Loses

The province will offer the first quarter section of the Woodstock reserve for sale next Tuesday. This

Oil applied to convert its exploration reserve to lease following the successful completion of Imperial Oil's No. 1 last winter.

This first sale will offer four of the 160 acre tracts for a fixed cash price plus a royalty bonus each. Two 40 acre parcels in the Leslie field were leased last January on a competitive royalty bonus basis and the fantastic offers were a revelation to both government officials and the oil industry.

Tuesday's offerings will feature one quarter section off-lying the more recently developed quarter belonging to Globe-Ledie West. This parcel, designated No. 2, is the southeast quarter of section No. 2. The fixed cash involved in this deal is \$40,000.

The remaining parcels are being offered for a cash bonus of \$25,000 each plus royalties. These parcels are southeast quarter of section 12, southwest quarter of section four and southwest quarter of section seven.

Other requirements are that the sealed bid include a cash certificate for \$2,500 returnable when drilling starts, \$100 for one year's lease rental, and \$1000 per acre per year. The last of these will be paid by July 15 of this year.

The last requirement makes fulfillment of contract for any independent bidder difficult. The drilling rigs are all far behind with commitments due to the weather. Many that have completed wells will be held at locations for weeks by road conditions.

Last reported test from Volmer gave a steady gas flow and 1750 feet of sulphur vapor in upper Devonian. Drilling was being continued down to equivalent of top Imperial production zone. Drilling last report was 4,111 feet. Other Imperial well depths show 2,671 feet to be down in 6,027 feet. Federal at 4,555 feet, and Clyde at 2,673 feet.

Texas-McCall Calmar was last reported at 1,705 feet. McCall-Frontenac Stony Plain is at 6,706 feet. The depth at this well recalls that there is as yet no record of any hole being drilled through the Devonian to test underlying Silurian and Cambrian formations. A hole down to 11,000 feet in the Edmonton area might very easily find that conditions in Silurian time were suitable for the formation of oil-bearing strata.

Richards Wins Race Classic On Queenspot

NEWMARKET, England, May 1 (AP)—Gordon Richards, hunted Queen of the Valley in the 1954 and Guinness Friday, became the lifetime total of Britain's champion jockey to 1,512 winners.

Queen of the Valley, a 100 to 1 shot, won the race, the first of the five classics featuring the British racing season.

The nation's favorite, the 12-year-old gelding, won the race in 1:51.4, a slower time than the record of 1:49.4 set by the gelding in 1952 and by the gelding in 1953.

Richards, a 100 to 1 shot, finished second, a 100 to 1 shot, behind the gelding.

The race was won by the gelding in 1:51.4, a slower time than the record of 1:49.4 set by the gelding in 1952 and by the gelding in 1953.

James Cox Leads Garneau Bowlers

James Cox was elected president of the Edmonton Lawn Bowling Club at its annual meeting, which was held at the club on Friday night.

Other officers elected were: James A. McKeown, president; H. D. Ainslie, vice-president; J. H. Williams, secretary; J. H. Williams, second vice-president; Dr. G. S. Ford, executive for the year; W. C. Crockett, treasurer; W. B. Spence, for two years; H. Robertson, for two years; and Richard Bradshaw, for two years.

The club's annual meeting was held at the club on Friday night.

Fourteen skins were appointed. They are: James Cox, George Gault, R. B. Law, F. Macdonald, F. Pritchard, H. Robertson, R. O. Ramsay, R. B. Saunders, W. Crockett, S. Spence, W. B. Thompson, H. Woodin, W. M. Sells, P. McIlveen.

The pre-season get-together, which was held at the club on Friday night, was a success.

Handball Matches At YMCA Today

Championship provincial handball is on deck at the YMCA Saturday afternoon at 4:15. Occasional for the match will be the first of a home-and-home series between Calgary and Edmonton teams.

The Edmonton team, led by defending champion, Dr. H. H. Richard, will be the first to play. The match will be held at the club on Saturday afternoon at 4:15.

The match will be held at the club on Saturday afternoon at 4:15.

THIS SPACE DONATED BY SPOTLESS STORES

RIVAL MANAGERS Eddie Morris, left, and Laure Harney, right, of the Big Four Baseball League met for the first time Friday. When the season opens on May 14 Morris, a native Texan, will be at the Eskimo helm, and Harney will guide the destinies of the Chevrolet Cubs.

ARCARO 'CAUGHT' IN TRAFFIC JAM

LOUISVILLE, Ky., May 1 (AP)—An argument with a police officer during a traffic jam at Churchill Downs Friday resulted in the arrest of jockey Eddie Arcaro on a charge of disorderly conduct, patrolman Stephen Saag reported.

Arcaro was released on \$25 bond.

Arcaro is slated to ride Citation, the Derby favorite, Saturday.

'Big Flood' Fails Dampen Bob Carse's Home-Come

It's good to be back. Some people would be dubious about that when returning to Edmonton in this spring of the Big Flood. But to Bob Carse, the old hometown stimulated a cozy feeling Friday after a hockey season with Montreal Canadiens and Cleveland Barons.

Carse arrived home Friday from Cleveland via California and points east. He closed out the season with the Barons, who won the American Hockey League's championship.

After chasing pucks for Montreal of the NHL, he wound up in the hockey empire which (Red) Tie Al Stuphin has created in Cleveland.

"Cleveland could win its share of games in the NHL," said Carse shortly after returning. "And one of the reasons the Barons would knock off teams in Clarence Campbell's circuit is Bob Solinger, likely to be the AHL rookie of the year."

Bob wasn't certain where he would play in the 1948-49 campaign, but for the moment he writer could wait.

He wanted to see the Flyers win the Allan Cup in their current bid with Ottawa Senators. I and the native, sometimes successful hockey writer would spend the summer abundant with many of these qualified sports festivity.

Girl Wants Arcaro To Win for 'Daddy'

MIAMI, Fla., May 1 (AP)—Singer and actress, who is known as the "Big Girl" in the show business, said she would like to see Eddie Arcaro win the Kentucky Derby.

Arcaro is slated to ride Citation, the Derby favorite, Saturday.

Malofsta to Run

Malofsta, a 100 to 1 shot, won the race, the first of the five classics featuring the British racing season.

LOCKE FORGES INTO FOUR-STROKE LEAD

WASHINGTON, May 1.—(AP)—Another way-bowled par round Friday—this time a 66—gave Bobby Locke of South Africa a four-stroke half-way lead in the district of Columbia open golf tournament.

The South African was far too good for the others. He almost made it a one-man show. His seven-under-par 65 Thursday earned him a two-shot edge after the opening round. Thursday's 66 brought a 36-hole total of 131—four big strokes ahead of Skip Alexander's 69-66-135.

Calumet Colts Force Change in Betting

Fans Expect Amazing Duo Fight It Out

By Gayle Talbot

LOUISVILLE, Ky., May 1 (AP)—Seven three-year-olds Friday were entered in Saturday's 74th running of the Kentucky Derby but before nightfall Galedo, a surprise entry, was scratched.

The remaining entries included two terrific race horses and four less celebrated performers.

Citation and Calumet, the amazing entry from Calumet Farm, are expected to lead the stretch for the win.

This day has established such strong favorites that Churchill Downs officials announced only a few bets on the race will be allowed.

It will be the first time since 1905 that win betting only has been accepted on a Kentucky Derby. The limit was established by Col. Matt Winn, Downs president, because of the certainty of a "minus" pool if place and show betting are permitted.

In addition to the Calumet pair, the other thoroughbred, whose owners parted with \$1,000 each to cover the entry fee, were Ben Whittaker's My Request, W. J. Brown's Buzzer, R. W. McIlvain's Billings and Mrs. John P. Adams' Grandeur.

SMALLEST FIELD

The Derby field will be the smallest since 1927 when only 10 horses ran. With six horses, the odds are 1 to 1, 2 to 1, 3 to 1, 4 to 1, 5 to 1, and 6 to 1.

Assaults on the record were made by Citation and Calumet, who were expected to lead the stretch for the win.

The big event, seventh on the year, is given for \$200,000.

In the draw for post positions, Citation drew the rail, with the others in this order: Grandeur, Buzzer, Billings, and My Request.

Purely as a guess, the Calumet entry figures open at about 1-5 odds-on favorite, and to zoom to around 1-10 by the time the

BULLETIN

12 EDMONTON BULLETIN, Saturday, May 1, 1948

Zeweniuk Heads Civic Golfers

Mike Zeweniuk, popular young golfer and former club champion, was elected president of the Municipal Golf Club at its annual meeting Friday night.

The ladies also called a meeting Friday night, but due to poor turnout, decided to meet again next week before making any decisions.

Gordon Swail was elected vice-president, Ronny Lane treasurer, J. Temple, secretary, and Buddy Loftus team secretary. The committee consists of Tommy McLean, Walter Swanson and Gordon Garside.

The club plans an active competitive season, and considerable discussion was centered around the Canadian Golf Association's proposed \$1 tax on all male members. The older members were opposed to the scheme, while the youngsters were all for it. It was eventually decided to table the issue until some action has been taken by the Alberta Golf Association.

can expect to collect is \$2.20 on each \$2 ticket. Winn has promised to pay that much.

My Request, winner of the Wood Memorial and both Experimental handicaps at Jamaica in recent months, is expected to open in second choice at about 6-1, with Buzzer 12-1, Billings 20-1, and Grandeur 40-1.

money steps pouring into the mutual windows. The best a man betting on Citation and Calumet

When Your WIFE Goes Out

Just around the corner from Kresna's on 101A Ave.

PREPARE NOW FOR FISHING DAYS AHEAD!

Right now, every fisherman worth his salt is getting tackle in shape, his reel oiled and his casting arm limbered up for Opening Day. And right now the really smart fisherman is making sure that he'll have a '48 Johnson Sea Horse. Experienced fishermen know that only a Johnson Sea Horse has that starting zip, that just-right trolling speed, that consistent performance you need for successful fishing.

And that's still another reason Johnsons are first with fishermen. Johnsons are built to last! On every lake and river you'll find 20-year-old Johnson Sea Horses still giving excellent service...

For expert service, be sure to take your Sea Horse to an authorized Johnson dealer. From coast to coast there is a Johnson dealer with factory trained experts and genuine Johnson parts on hand right when you need them.

1948 literature and *Know Your Outboard* booklet on request.

Collier ON SPORT

By STAN MOHER, Editor

Kermode In Familiar Haunts

Stray stuff off the cuff . . . and why not a little chatter about that wild game with the hogsheads? Harry Kermode, scheduled to show here Monday night when UBC Thunderbirds and Varsity teams come to grips at the Varsity Drill Hall in the capital chase of an important basketball series was stationed in Edmonton during the war . . . He was a prominent member of at least one RCMP cubs outfit . . . P. L. (Ingy) Cameron, Alberta Golf Association president, will loan him a party of AGA executives and club representatives to Calgary Wednesday for a special meeting . . . Others expected to tag along are Herb Bliss, Bill Hoar, Gar Lush, Reg (ep) Moon and Bruce Massie . . . It may or may not be significant that Flyers and Oilers Senators will also be hard at it that night in Victoria Arena . . . Attention Harley Patterson up there in Hythe: Thanks for your billet d'ou for Frank Mathers and his transfer from New York Rangers' but to the corps of Connie Smythe in Toronto . . .

Joe Mullen, brother of Riley Mullen, former Flower coach, writes from Los Angeles to say he received a visit from Bob (arse) as the Cleveland star and his wife returned home by way of California.

Elliott Worked In AHL

Frank Elliott, whistle tooter who will be Danny Cox's partner at the Arena tonight, has worked in the American League as well as the OHA and other Leagues . . . The word is around that Montreal Canadiens will hold a hockey school in the Arena next fall with a good chance that Hector (Toe) Blake, second highest point snatcher in NHL history, topping the faculty . . . With apologies to D. K. of the Society pages, Varsity was the big day when Herman (Pucky) Boyarsky puffed stunk in Calgary . . . He was billed to middle-aid in the Calgary . . . Harold Banks, secretary-manager of the Royal Canadian Golf Association, will be in Edmonton for next week-end . . . The popular resident of Toronto has great hopes for Canadian golf in the future . . .

At 31 years of age Phil Cavaretta, slick infield-outfielder, is playing his 15th season with Chicago Cubs . . . If he lasts as long as, say, Doc Cramer, Cavaretta has a chance to play more than a quarter of a century in the Big Wheel.

Levelling With Citation

You can heck the family jewels on this one: If Citation is anywhere close to the pace (and Coaltown will be cutting it out on the front end) when the Derby field hits the turn for Heartbreak Lane at Churchill Downs this afternoon he'll take it all . . . This goes despite trainer Ben Jones' pious declaration that Calumet Farm would not declare to win with either Citation or Coaltown . . . Already the Calumet crowd figures Citation has what it takes to become the greatest of all money winners . . . They won't, therefore, be for passing up the thick end of that Derby pot . . . When Martin Collingwood's North Side Legion soccer aggregation met up with Winnipeg Scottish in the Dominion playdowns last summer Legs Fraser was on the half line for the Scots . . . He was booting the round ball with nothing more on his mind than a pair of running shoes until manager Collingwood of the Albertans made him trade in the fleet-feet for a set of regulation soccer brogans . . .

The game was being played on a hard field and the suspicion was that the wily Fraser navigated better in the running shoes . . . What price Dick Irvine to coach Regina Caps next season?

MAYBE THEY'D TAKE FISH FOR ORANGES

California has its ocean fishing, but it looks to Canada for its forest and stream sport.

At least that's the information Alf Blyth, Edmonton photographer and former tennis standout, brought back after a six-week sojourn in the land of the oranges.

Blyth, a representative of the Northwest Travel Association, returned from an organization which stages mountaineering shows and provides information on sport and travel, as well as how to get the California kites about Alberta.

He said they had no idea big game could be shot such distances from the main highways and that there was such an abundance of fish in the streams. "In fact," he said, "when you dangle a picture of a trout in front of them, they just about want to eat it."

The shows were quite an attraction, too. They drew 250,000 in Oakland and 200,000 in Los Angeles.

SKING ON STRAW
Skiing on a straw slide built 20 feet above the stadium in Los Angeles was one of the features.

and the skiers land on a straw slide which thought it might be a good idea to stage during exhibition week.

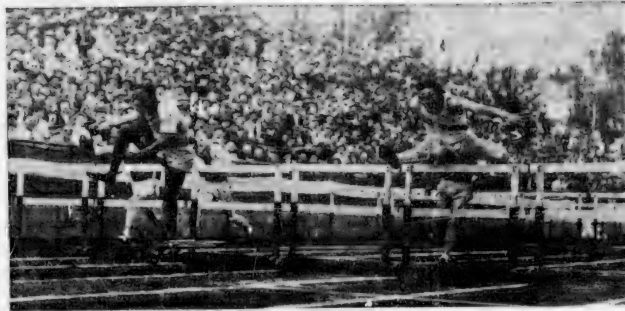

Babe Didrikson Zaharias was another attraction. She autographed tennis balls and then chipped them to various patrons in the gallery. She obliged one chap by lifting one of the balls into his hat. The Babe was in.

Track and Field Workout Cancelled

Track workouts for the Polar Bear track and field club scheduled for this week-end at Clarke Stadium have been cancelled. Rain and wet grounds have forced the cancellation.

Members of the club have been training indoors since February in preparation for the forthcoming Olympic track trials. Outdoor practices at Clarke Stadium are expected to begin next week.

After spawning, salmon eggs take from 30 to 60 days to hatch, depending on the temperature of the water.

FOLLOWED CLOSELY by North-western's William Porter (right) who placed second, Harrison Dillard (Baliwin-Wallace) clears the last jump to equal the standing record and take first place in the 120-yard high hurdles at the Drake relays in Des Moines, Iowa.

Cards Acquire Series Look Whipping Cincinnati 13-7

NEW YORK, May 1.—Keep your eye on St. Louis Cardinals, in the National League pennant scramble.

Currently playing .500 ball, Eddie Dyer's Red Birds have not looked too impressive in the early going, but every once in a while they cut loose and acquire that world series look.

Yesterday, for example, things didn't look good when Cincinnati Reds drove outbasps Howie Pollet to cover with a four-run uprising in the third inning, but the Cards came back to take a 1-3-1 decision with a 17-hit attack on five red-hot hurlers.

Joe Garagiola contributed a grand slam homer in the seventh and Stan Musial erupted for a homer, two doubles and two singles in six trips to the plate to drive in four runs. It was Harry Gumbert's first loss of the season after three wins.

The pace-setting New York Giants continued to falter, dropping their second straight game as Boston Braves beat them 7-2. Pittsburgh Pirates walloped the Cubs 10-4 at Chicago.

Alie Reynolds became the American League's first three-game winner as he blanked Boston Red Sox on six hits to give New York Yankees a 6-0 victory. Chicago White Sox shaded the Tigers 3-4 at Detroit.

BLOW TO NEWHOUSER

The Tiger loss was a blow to Hal Newhouse as four of the Chicago runs were unearned. Rookie first-sacker George Vito inhibited to set off the four-run rally in the eighth to make it Hal's third straight loss. The Sox were out-hit 12-6. Johnny Ligon hitting a Detroit homer in the third.

Steve Souchock, who replaces George McGuinn at first base when the Yankee face left-handed pitching, took to Mickey Harris parking two of his slants over the left field, Bill Johnson and Johnny Lindell also homered to account for the rest of the New York runs. Joe DiMaggio prolonged a seven-game hitting streak with a double.

In a slight game Phil Marchand of Port Huron, Ont., hurled four-hit ball to give Philadelphia Athletics a 3-1 win over Washington Senators. Brooklyn bunted Philadelphia Phillies in a National League night game.

Famous Dance Band Coming to Edmonton

One of Canada's greatest dance bands—Jerry Gage and his 16-piece orchestra—will be here Thursday, May 6. The highly touted musicians will perform at the North West Air Command Drill hall under the sponsorship of The Bulletin.

En route to Vancouver for a scheduled stand before disbanding on a lengthy tour of Great Britain, the band has been breaking all-time box office records on their all-Canadian farewell jaunt.

ALL TOP-RANKERS

Composed of top-ranking bandsmen, plucked from such better-known orchestras as Gene Krupa, Benny Goodman, Art Harnois, and others, the Famous Dance Band has performed with several leading orchestras both in Canada and United States.

The three Gage brothers, Jerry (leader), Tony (trumpet and songman) and Chris (pianist) are considered the best musicians in their field on the continent, and have performed with several leading orchestras both in Canada and United States.

The rest of the bandmen also have earned reputations in musical world. Jimmy Shurriss, rated as Canada's No. 1 drummer by, is said to be a dead ringer for Gene Krupa, master of the drums, and

Lack of Knowledge Of Canada Deplored

It is time we "lifted the bushel that is hiding our light," Don Henshaw told members of the Advertising and Sales Bureau of the Edmonton Chamber of Commerce at a meeting in the Macdonald Hotel Friday.

The lack of knowledge about Canadians and their affairs by the average American is appalling, he said, and it is time something was done to correct the situation.

Mr. Henshaw is a general executive of the MacLaren Advertising Company Limited, in Toronto.

Canadians must get over the "not too bad" attitude which distinguishes them wherever they go, and adopt a more positive attitude toward the country which, he said, has a greater destiny than we will ever know.

The knowledge of Canada by the average American, Mr. Henshaw said, was shown by a question asked him shortly after the adoption of Canada's austerity plan. The questioner asked if it would be necessary to send food parcels to Canada as it was to send them to other countries with an austerity program.

In a word of advice to the advertising and business men present, Mr. Henshaw said the key to successful public relations is the Golden Rule.

Good relations within an organization were necessary before good public relations can be had with the public. Successful public relations, he said, begin at home.

One of the most important steps in securing the public goodwill, he said, was the showing of a little

POLICE SEE EFFECT 5-DAY WORK WEEK

The five-day work week is having its effect on city police.

Saturday Chief Constable Reg. Jennings said "we now notice that most of our arrests are made on a Friday night. It used to be Saturday."

"With the five-day week people now do their celebrating on a Friday night."

"This is not altogether good for court officials who have to try and struggle through a heavy court docket on Saturday's half day of work."

Seventeen persons were arrested this Friday.

Mayor Declares May Clean-Up Month Here

The month of May has been dedicated to Edmonton's "annual clean-up campaign."

In a proclamation issued Friday Mayor Harry Ainlay appealed to all citizens to make a special effort to clean up their properties of debris accumulated during the winter period.

"Because of the unreasonable spring weather that has prevented early clean-up activities the entire month is being set aside for the purpose."

Mayor Ainlay wants citizens to make and keep Edmonton neat and clean, and to beautify their properties to match the city's beautiful natural setting.

The holiday is granted to civic employees instead of the Easter Monday.

On that day it's business as usual at the civic block.

Periodically throughout the month announcements will be made of special pick-ups of debris by the city engineer's department.

The dates of these pick-ups will be advertised in the daily papers.

Complete co-operation of the public in the clean-up campaign is necessary to its success.

Police Fire Upon Communist Group

CALCUTTA, India, May 1.—(Reuters)—Police fired on a crowd of 300 alleged Communists in a village 30 miles north of here yesterday, killing seven. The crowd had attacked the police to rescue two arrested members of their group.

Butchered, most important part of The Netherlands, has almost as many canals as it has streets.

BAD WEATHER DELAYS CIVIC CENSUS START

Inclement weather that has been causing havoc throughout Western Canada has resulted in slight inconvenience to city officials.

It has caused postponement of the start of the annual census.

The annual counting of the city's population was scheduled to start about May 1, but officials of the census office stated Friday it

will not be possible to get the census underway for at least two weeks. The cause, impassable streets in the northern provinces of the west.

HE MAKES NO PROFIT ON THIS

There was no profit in this transaction.

Athens Arsenal, no fixed address, stole two pairs of boys' pants from a downtown department store.

Although they were valued at five dollars each, he could have been fined \$25 and costs or 30 days for the offence.

High Commissioner From India To Talk To Canadian Club

Sardar Harid Singh Malik to lead High Commissioner to Canada, will address a meeting of the Canadian Club Tuesday.

The luncheon will be held in the Macdonald hotel at 12:15 p.m.

Mr. Malik was educated at Oxford, and flew with the Royal Flying Corps during the First World War.

He joined the Indian civil service in 1921, and served as deputy trade commissioner in England and India's first trade commissioner to the U.S.

Tardy Spring Means No May Day Frolic

By Bob Thrift

There won't be much gamboling about the May-Pole this dank, drizzly May-day.

Nor will we frolic on the greens with garlands of flowers in our hair—there aren't any greens—there aren't any flowers—but there certainly is a lot of rain.

Chamber of Commerce won't be happy with me but this business of "It isn't raining rain to me—it's raining violets" is all wet—no, rain is rain and that's that!

The pleasures of spring-time have elapsed as this far—but perhaps we are slated for more than our rightful share of bright summer days—I certainly hope so.

How many times a day does little Johnny lay in a sunny patch? More than mother cares to think about.

There's not a lot of sun you can buy these days—these sunny days are a little package of Sun Maid raisins—bunches and bunches. Don't quite know why they're packaged in such small containers—but they are available.

Best buy for five of MY pennies though is a nice bit of chocolate ice cream cone—or a cherry one with real cherries studding the bright pink, smooth, luscious goodness. I certainly do like ice cream.

Speaking of good buy—one of the best vegetable investments you can make if you are a self-styled gourmet is to buy two or three bunches of green beans.

You'll save them in the stores—frozen, sometimes—sometimes with sauce, sometimes without. Sometimes they're canned in tomato sauce.

Tasty—extra goodness—but eat a whole lot of them. All you have to do is to use your favorite recipe.

Then, spreading them on a pan about 1/4 cup finely diced cooked ham just before closing the oven.

DOROTHY DIX SAYS—

Man Wants Definition Of Romance, Marriage

DEAR MISS DIX: What is this thing called love? Is it physical attraction? Is it mental attitude? Is it appreciation for the traits and characteristics of the other person? Can there be a successful marriage without love? That is, if the man is not in love with the woman, or the woman is not in love with the man?

Is it possible to learn to love someone after marriage, even though you are not in love at the time of marriage? Is love the prerogative of extreme youth? Can a man in his early thirties fall in love as well as one in his early twenties?

This love business has been on my mind for some time, and I will appreciate it if you will answer my questions.

P.M.

ANSWER: Dear Solomon, though even he does not know the answers although he was the greatest sentimental philosopher in recorded history, and certainly being up to a second as a marrying man, but whether he was in love with his numerous wives, or not, we do not know.

So if Solomon couldn't find out what love is, it is little to expect a more dull of a man, or a woman, or a busy-body to know whether what they think is love is the real, genuine, down-to-earth, article, or whether the fluttering in their bosoms is due to the grand passion or just a passing fancy.

MANY MARRIAGES SUCCEEDED. But to answer your other question, Tim, yes, there are many marriages that succeed.

because many men and women have no sentimental or romantic leanings. There is not a thrill in their systems, but they are capable of having a warm friendship that stands the wear and tear of marriage better than the love-dovey stuff that sends many youths and maidens to the altar.

Also, it is possible to learn to love someone after marriage, even though a Managing Man or being the boss's daughter had more to do with the wedding than Cupid had. Love begets love, and it is comparatively easy to fall in love with anyone who is crazy about you.

Certainly youth has no monopoly on love, though it thinks it has. Nothing is so flimsy and so little to be depended on as early love. Only mature men and women are capable of a really deep and abiding love.

Funeral Services For Calgary Man

CALGARY, May 1.—(CP)—Funeral services were held here today for Matthew Gordon Constable, 67, prominent Calgary golfer and tennis player, who died at his home Thursday. He had resided in the city since 1905.

The remainder is the only animal of its species that has been domesticated.

EDMONTON GIRL MODELS IN ELABORATE FASHION SHOW

MRS. R. E. THOMAS, of Denver, Colo., the former Miss Boyle, of Edmonton, modelled many intricate, rich satin wedding gowns in the elaborate "Bridal Show" held recently by David and Freders in Denver. She is the daughter of Mr. and Mrs. C. W. Boyle, 1234 104 street, and has been living in Denver ever since her marriage two years ago. Mr. Thomas first began her modelling career in fashion shows sponsored by the Hudson's Bay Company in Edmonton. She is expected to visit her parents in Edmonton some time in June.

GORDON DAVIS and BRIDE LEAVE for RECEPTION

ONLY TWO PEOPLE MARKED the wedding of Gordon Robert Davis and his bride, the former Miss J. J. Purkiss. They were caught by the photographer as they left the church for the reception. The bridegroom is the son of Mr. and Mrs. George Davis and the bride is the daughter of Mr. and Mrs. W. J. Purkiss, all of Edmonton. After a brief honeymoon the new couple will make their home at 1141 45 street.

NEWLYWEDS WISH for HAPPINESS OVER CAKE

BRIDAL COUPLE—Mr. and Mrs. Maynard Corrie, who were married recently in Edmonton were caught by the photographer as they joined hands to cut the first piece of their wedding cake—and make their wish for lasting happiness. The bride, pretty in her gown of traditional white satin is the former Jean Hiffman. After a brief honeymoon they will make their home in the city.

CANADIAN BALLET DANCER

LYTHESOME, GRACEFUL ballet dancer Ruth Carter, Edmonton girl who has been training with the Volkoff Canadian Ballet in Toronto since 1940. She is now a soloist with this group and for the past three years has been on the teaching staff of the school. She is the daughter of Mr. and Mrs. William Carter, 3821 93 avenue.

CITY MAN WEDS WINNIPEG GIRL

DOUBLE-RING-CEREMONY was held in King Memorial United Church in Winnipeg recently when Betty Ruth Vancouver married Walter Edward Edmonton, of Edmonton. The wedding, of interest to many Edmontonians, was a semi-formal affair with the bride wearing a gown of heavy white crepe, trimmed with pearls. They will make their home in Edmonton.

Brides Busy Trousseau, Hope Chest Gathering This Merry Month of May

Lohengrin—that ageless music—familiar the world over—gives the signal for that long, measured bridal procession down the rich-carpeted aisle of a flower-filled church.

Springtime is wedding-time—time for bridal showers, trousseau gathering, hope-chest planning and sorting.

The beautiful bride is a calm, possessed, self-assured young woman who is confident that her wedding will run smoothly because she is a clever one who has worked out every last detail carefully—and well in advance.

Romantic notions that fashion puts into our heads these days call for the elegance and charm of rich satins and fragile laces—pastel colors—frothy, flowery materials.

Happy is the bride who chooses a dream of filmy lace and tulle for her wedding gown. It need not be put away after the wedding—but with a touch of color accenting—may be used for an ultra-feminine—ultra entrancing formal dance frock for ages and ages.

Spring and summer brides who choose a ceremony of gentle, less-insistent formality have an enormous variety of materials and fashions from which to select gowns for themselves and their attendants.

Colors are blended in lighter, softer shades—of filmy sheers . . . heavy, drapable crepes . . . foamy nets . . . starchy pique . . . elegant lace . . . lustrous, gleaming satin.

Tradition reigns supreme at wedding-time—as special courtesies must be paid to parents of the bride and bridegroom . . . services of attendants must be acknowledged . . . and a million and one other "little things" that are part of the bride's roster . . . must be attended to—and personally.

Bridal picture is a dream picture in every young woman's mind—something to cherish and to remember happily ever after.

Powerful Forces Needed by Canada

Necessary for Any Effective Part in Combatting Reds

By George Kitchen

OTTAWA, May 1.—(CP)—Gordon Graydon (PC-Peel) yesterday warned the Commons that Canada must have strong military forces if she is to play an effective part in combatting Soviet aggression.

Stepping into a foreign affairs debate as deputy leader of the official opposition, he told the chamber:

"Canada's position should be made clear and her armed services should bear a reasonable relationship to our population and economic strength. It may well have been dangerous in the extreme for us to have let our forces remain at the low figure of only 25,000."

"If Russian aggression is halted—and there is every reason to hope that it can be—there still remains the need to remain firm and strong so that an effective role can be played—having regard to our resources—in maintaining peace."

WANTS OUTLAWING

At the same time, he called for the outlawing of Communism in Canada and the passing of legislation which would permit their deportation.

Other speakers included Angus MacInnis (CPC-Vancouver East) and Norman Jacques (SC-Westminster).

Graydon made these points:

- 1.—The Soviet has proved to be an "international porch-climber" and a "diplomatic peeping Tom."
- 2.—Canada should realize who are her friends and continue collaboration with the United States, but should avoid being "hitchhikers" in the vast field of world affairs.
- 3.—The government should make clear its policy on collective security under the United Nations charter.
- 4.—This continent is becoming the effective centre of resistance to Soviet expansion.

5.—There is every possibility of Canada becoming the centre of the British Commonwealth.

6.—Re-establishment of public confidence in the CPM is a "must" if Canada is to continue to participate in it.

7.—The government should give more ample opportunity for discussion of foreign affairs.

THE "REAL" THREAT

Jacques said the "real" threat to Canada comes not from those who openly declare themselves as Communists but from those who masquerade as supporters of freedom while plotting against democracy.

MacInnis said that until Russia showed a readiness to co-operate with the other nations the UN would not be the force "which we had hoped it would be." But the

UN must be kept alive because some day it might work.

Graydon coupled with his prediction that Canada will become the centre of the Commonwealth a suggestion that the King and the Queen pay more frequent visits to Empire countries.

He blamed "fifth column international politics" practised by the Soviet for the present "semi-pacifism" of the United Nations.

Russia and the international Communists had behaved "like less than exemplary neighbors and that kind of neighbor never built a good community, world or otherwise."

Turning to Communists on the home front, he said he would not drive them underground. They already had been operating "in the shadows of Canada for years."

They should be dug out and sent with their fellow travellers "to places where they will feel more at home and where they shall feel safer when they're gone."

Third Fatality From Bomb Blast

VERNON, B.C., May 1.—(CP)—

Thirteen-year-old Alex Chudyk, seriously injured when a two-inch mortar shell exploded here Sunday

killing his brother and a playmate, died last night in hospital.

A fourth boy, Mike Kashuta, 15, still is in hospital. Killed Sunday were Mike Chudyk and Samuel Kashuta, both 18.

The four Vernon boys were getting topsail for their gardens from an old army range near here. Today believe the boys had accidentally detonated the mortar shell. Discarded shells were piled high near their earth-laden truck.

Nazi Puppet Jailed

BRATISLAVA, Slovakia, May 1.—(Reuters)—Dr. Vilian Ries,

former Slovak priest who during the war was deputy chief of the

Hlinka Guard of the Nazi puppet state of Slovakia, received a sentence of 15 years' imprisonment with seven years hard labour.

TREE CLIMBING FROWNED UPON

TOKYO, May 1.—(AP)—

Iked by past May Day crowds that climbed and damaged the

pine trees in the palace plaza. Tokyo authorities today hinted

to union leaders that 200,000 yen (\$3,400) damages might be

asked if the trees were damaged.

Union officials met the situation today by posting members

throughout the crowd who yelled at tree-climbers:

"We are absolutely opposed to tree climbing."

Vets' Divorce Problems To Get Special Study

OTTAWA, May 1.—The divorce problems of Canadian

veterans are due for special study.

The common committee on veterans affairs moved yesterday

to appoint a five-man sub-committee for that purpose. The proposal came

from Walter Harris, parliamentary assistant to External Affairs Minister St. Laurent.

The question was raised by E. B. McKay (CPC-Weyburn) during

consideration of a bill to amend the pensions act. He said that "in

not a few cases" disabled veterans had been deserted by wives who

had returned to England or some other country and obtained a divorce which, however, was not

recognized here.

The veteran had then remarried only to find that his second marriage was not legal in Canada and that his wife was not entitled to recognition and financial aid under the pensions act.

McKay contended that the pension commission should have power to deal with such cases.

Brig. J. L. Melville, chairman of the pensions commission, said the law only permitted it to recognize a second marriage if it was legal in Canada.

This is the "new look" in hot water bottles and ice-packs for folk with sore throats, sinus pains and hangovers.

Graydon made these points:

1.—The Soviet has proved to be an "international porch-climber" and a "diplomatic peeping Tom."

2.—Canada should realize who are her friends and continue collaboration with the United States, but should avoid being "hitchhikers" in the vast field of world

affairs.

3.—The government should make clear its policy on collective security under the United Nations charter.

4.—This continent is becoming

SAFETY FIRST

CHECK YOUR CAR—CHECK ACCIDENTS

- Can you see, steer and stop? Check your car for safety

Most Accidents Are Preventable . . .

- Your car carries the most important people in the world, your family, your friends, and you. Keep it in safe operating condition.
- Is your car the one out of three that has mechanical defects? This is the percentage of defective cars found by a police check of nearly 2,000,000 vehicles in the United States and Canada in 1946.
- Do your car lights keep you in the dark? Or shoot up into the air to blind oncoming drivers? Faulty lights are the most common defect found by police and official testing lanes.
- Can you stop in time? Your brakes may mean the difference between life and death for yourself or a pedestrian.
- Do you have to drive blind when it rains or snows? Windshield wipers that work are life savers you can't afford to forget about.
- Is your car horn in good operating condition?
- Do you have good tires and keep them properly inflated at all times? Or are they worn smooth, with fabric showing—in a condition just waiting for a blowout?
- How about the steering? If there is more than three inches of play in the wheel, better have it checked, and at the same time be sure your wheels are properly aligned.
- How about your muffler? Is it beginning to get noisy—or have you had it checked to make sure it is not leaking deadly, odorless carbon monoxide into the air you breathe?

What Character does your handwriting Reveal?

What are you best fitted for in life? Where do your opportunities lie? What should you do to correct any faults which may be holding you back? Andrienne, famous handwriting analyst, can tell you.

All you have to do is send twenty-five cents (in coin) and a Stamped Self-Addressed Envelope, together with a sample of your handwriting to Andrienne, care of The Edmonton Bulletin. You may also send in the handwriting of your husband, wife, sweetheart, friends or relatives. A small scrap taken from part of a letter will be sufficient for Andrienne to analyze.

The inclination of your writing is a "heart" barometer measuring the degree of your affection. You can tell by the angle the writing slopes, the capacity of a writer's emotion and feeling—whether he is loving or unaffectionate, passionate or cold, demonstrative or self-controlled, faithful or fickle.

Beginning this week, I will illustrate different slants of writing and the meaning of each.

Two examples of the right slope (when the writing slopes about 70 degrees to the right) are found in the script of two former world heavyweight champions, Jack Dempsey and Gene Tunney.

Jack is essentially a realist, with an aggressive, practical nature, great physical powers, stamina and endurance. He has a genial demeanor, with a natural flare for showmanship, which makes him not only an interesting and colorful figure, but one that attracts a great many people.

Jack Dempsey

with best wishes
Gene Tunney

A man with ambitious ideas, Tunney possesses the will to achieve and does not hesitate until he has accomplished his goal. There is no indecision—but directness and tenacity of purpose. Persistent endeavor is the keynote of his success.

The script of both Jack Dempsey and Gene Tunney ably illustrate the "right slope", indicating that the writer is normally affectionate and is governed largely by his emotions, impulses, feelings, and sympathies.

Next week, I will explain the very sloping slant using the handwriting of Mae West as an example.

Andrienne

Guide to Home Builders

THE PITMAN

16,500 Cubic Feet

Homes of Moderate Cost

First Floor

Second Floor

When viewing this charming six-room home, one feels the desire to own it, for it is tasty, quite appropriate, and with a practical square plan. The second floor protrusion not only permits a varied design treatment of the front, but enlarges the bedrooms as well.

The Edmonton Bulletin's new, modern house booklet "Homes of Moderate Cost" is available by mail, postage paid \$1.00 each—or at the Bulletin Office.

MUSKRAT SABOTEUR BRINGS HEAVY FLOOD

LUMSDEN, Sask., May 1.—(CP)—A muskrat, ing muskrat nearly put this Qu'Appelle river town last dark night on Saskatchewan's brightening flood picture—under eight feet of water, it was learned yesterday.

The muskrat had gnawed a hole in a dam near Buffalo Pound Lake, 22 miles west of here. The dam was holding back some 15,000,000 gallons of water—nearly double its intended capacity.

The break in the dam was spotted Tuesday by Charles Gillet, Prairie Farm Rehabilitation Administration foreman, and hastily re-inforced.

But the Qu'Appelle River rose another five inches yesterday at Lumsden and still was lapping at a makeshift dike which residents of the town have been building since last Thursday.

Staff Painters Evolve Scheme

Interior decorating and painting of the new annex and administrative wing of the Royal Alexandra hospital was done by staff painters. The work was supervised by J. J. Law, who was assisted by Michael Faltas, George Farrell and Gennar Laves.

In both buildings the designs and decorating are the same, and the color scheme is a decorative but simple one, and to bring out the most in the various places applied have been employed.

The magic touch of the brush and colors has created an atmosphere of cheerfulness and comfort.

Truly, the decorating of the new buildings is a work of art.

Perennial flower seed should be included in the spring seed order and sown when the weather is cool and the soil moist. Germination is then much better and the seedling plants have a long season of favorable conditions for growth before being transplanted to the border in the fall.

Windows Change In House Designs

In Modern Homes They Have Become an Important Factor

By Bert Nightingale

Only about fifteen years ago, a rectangular hole cut into the wall of a house and snugly fitted with glass served as a window—entirely without regard to other factors involved. That our ideas in homebuilding have changed this feature for the better is shown in the fact that windows now are just as important in the builder's plans as, say, the heating unit.

Windows are now one of the major factors contributing to the pleasure and enjoyment of modern living.

LARGE WINDOW AREAS

Large window areas, that seem to be coming right into the house, cheer up a room as nothing else can. Years ago, such large windows would have meant almost a waste of space, but with the advent of modern window treatments and modern materials, the window has become a major factor in homebuilding.

All windows should be equipped with storm sash and weatherstripping; the latter is now available in Edmonton in a variety of forms ranging from more or less temporary cloth striping to the permanent copper variety. The money any of it costs comes back quickly as fuel-saving.

When Colonial, Cape Cod and other northern styles of architecture developed, there were no heating systems other than fire.

So, there was a real problem in the design of windows, and the answer was to make them as large as possible.

Picture windows should be placed at a point where they are a pretty outdoor view. They are usually, though not necessarily, of plate glass in one big sheet with no muntins (cross bars) to break the "picture."

Picture windows should be so placed that sitting or standing the outdoor view will be "pictured" in the window. This means the window should extend from about 18 inches above the floor to near the ceiling. Don't put them lower than 10 or 12 inches from the floor.

Picture windows should be so placed that sitting or standing the outdoor view will be "pictured" in the window. This means the window should extend from about 18 inches above the floor to near the ceiling. Don't put them lower than 10 or 12 inches from the floor.

open like doors, double-hung windows which move up and down, horizontal sliding windows, or awning type which swing inward or outward.

These are all good, but some manufacturers incorporate special devices in double-hung and sliding windows to make them operate easily under all conditions and to last longer. Sometimes weatherstripping is built in, but in any case the finished job in your house should be equipped with them in some form. Northern Alberta's climate makes this essential.

LARGE WINDOWS AVAILABLE

Big windows should be fixed in place as part of the house. You can move almost any window or window area and even some large windows are available in some forms. Northern Alberta's climate makes this essential.

Picture windows are placed, as the name implies, at a point where they are a pretty outdoor view. They are usually, though not necessarily, of plate glass in one big sheet with no muntins (cross bars) to break the "picture."

Picture windows should be so placed that sitting or standing the outdoor view will be "pictured" in the window. This means the window should extend from about 18 inches above the floor to near the ceiling. Don't put them lower than 10 or 12 inches from the floor.

Picture windows should be so placed that sitting or standing the outdoor view will be "pictured" in the window. This means the window should extend from about 18 inches above the floor to near the ceiling. Don't put them lower than 10 or 12 inches from the floor.

THIS WRONG-SIDE DRIVING COSTLY

A pair of tired eyes and a frosty windshield were the cause of all his trouble, William Turren, Legal, told court yesterday.

He paid a fine of \$15 and costs on a dangerous driving charge.

Constable Ron Hooper stated he spotted the accused driving on the wrong side of the road down 95 street.

to avoid the danger of accidentally putting your foot through them. This goes for other large sized windows as well.

When you are planning a built-in, downspout can be caught under a window. It should not come down below the top of the couch back.

CLEANING IS EASIER

A plate glass picture window is more expensive than a conventional window with small panes, but the big uninterrupted surface makes cleaning easier.

An important new contribution to home-building made possible by modern windows is solar heating. It is based on the simple idea that the rays of the winter sun entering a window area, like the rays of an automobile, can heat the interior of a house.

For the most perfect application of solar radiation, the house should be designed so that all rooms face south, with large window areas on this side.

It is feasible, however, to design your lot and house to the solar heating only in the living room.

Annual Rose Show Slated for July 19

The Sixteenth Annual Capitol Theatre Rose Show will be held on Monday and Tuesday, July 19 and 20.

Walter P. Wilson, manager of the theatre, in announcing the dates said the roses entered will be displayed in the theatre lobby on those dates.

One of the most prominent as well as most enthusiastic rose growers in Canada, Mr. Wilson who initiated the show, is sponsoring the event, is associated with Alfred Pike of Pike and Company.

Outstanding award of the show is the Edmonton Bulletin trophy which is a perpetual challenge cup given each year to the exhibitor of the finest bloom in the display.

More than \$100 in prizes is also being awarded by The Bulletin, to other winning exhibitors.

As has been the case in past years, the show is expected to include hundreds of the finest roses of many varieties grown by Edmontonians.

Both Mr. Wilson and Mr. Pike are confident that this year's entry will be a record-breaking one.

For more information, contact Mr. Wilson at the Capitol Theatre, 10449-9TH ST. N. 2400.

For more information, contact Mr. Wilson at the Capitol Theatre, 10449-9TH ST. N. 2400.

Growing of Roses Brings Pleasure

No Plant More Rewarding To Amateur Horticulturist

By Walter Wilson

No plant rewards the grower with such pleasure and satisfaction, for so little trouble, as the rose. Universal in their appeal and popularity, roses surrender their beauty in the most humble surroundings. Success with roses in our particular climate depends partly on the quality of the bushes, but more particularly on the root stock. . . bushes budded on a root stock or briar which is suitable for this district.

When you take delivery of rose bushes it is well to place them in some sheltered place away from the sun and winds. Twenty-four hours before planting, take off the moss from the roots and place the bushes in a pail of water. Care should be taken to avoid deep planting. Dig the holes square and preferable larger at the bottom than the top.

Cut off all broken or damaged roots which are spread out carefully and evenly spaced, with the roots pointing in all directions. Do not trim the roots in straight in a small hole. The nature of the lower segments upon the new root hairs that must be developed after planting. Do not put manure on the bare roots, but cover over and make the roots firm with soil. Digging of soil, by hand, then fill up with a mixture of soil and well rotted manure or soil only. This should be compacted firmly with the feet except for the top two inches which should be left fairly loose. The union of the stock, or we might say the junction of the root stock and the branches, should be about two inches below the surface of the soil.

HALF MILLION ON HOSPITAL ENLARGEMENT

Improvements totalling more than a half million dollars is the latest venture of the board of directors of the Royal Alexandra hospital. . . The new annex, was erected at the cost of \$252,000. . . Fifth expenditure is the kitchen enlargement and alterations, which will cost \$45,000 when completed.

Automatic Heat In Alex Wards

Heating of the radiators in the new wards of the new annex and administrative wing of the Royal Alexandra hospital is automatically regulated by a control system to suit varying outdoor temperatures. . . To ensure that proper heating is maintained, a check is made regularly, and temperatures adjusted if the need arises.

Access to the basement and the kitchen by its grade service door. Usually located in the front vestibule. This cost closet has been shifted to the rear hall where it is more readily accessible to the rear entrance. With the bathroom also handy, children's clothing in room, playing mat, washbasin and their clothes hang in the closet without tracking through the house. . . Complete construction drawings for this plan shown as Plan No. 47-5, are available from Central Mortgage and Housing Corporation at minimum cost.

Plant a Flower Garden to View from Picture Window

A picture window is almost standard equipment for the modern small home. The name is based upon the assumption that the window looks out upon a landscape view. . . Many such windows are seen obscured by shrubs, grown too tall for the low house they are intended to decorate. Others are heavily curtained, since the only view is one of a bare front lawn, and street. . . but the picture window in the illustration achieves its purpose, thanks to the attractive flower bed planted in front of it. . . On the low, one-storey houses which now dominate new building, flowers in the front yard provide an attractive frame and decoration for the usually severe design.

Violas are cousins of the pansy, but have a longer flowering season, especially when shaded. They are excellent for planting in front of a home which faces north. The color scheme, and flower varieties suggested in the sketch, can be varied to decorate. Others are heavily curtained, since the only view is one of a bare front lawn, and street. . . but the picture window in the illustration achieves its purpose, thanks to the attractive flower bed planted in front of it. . . On the low, one-storey houses which now dominate new building, flowers in the front yard provide an attractive frame and decoration for the usually severe design.

Dwarf growing varieties are most in favor, to keep the planting low. The view from windows is unobscured, and the lowest house is not made to seem lower. . . Low growing annuals which are suited for use in front yard flower beds and borders include: . . . Blue-Chinese delphinium, vinca, petunias, ageratum, anemone, pom-pom aster, alysium violet queen, cynoglossum, lobelia, dwarf morning glory, nicotiana glauca, verbena, and forget-me-not. . . Red and pink-pom-pom aster, bellis, carnations, pinks, candytuft.

Clubs Supply Lounge Furniture

Sitting rooms at the new annex of the Royal Alexandra hospital have been furnished by public-minded citizens. . . The women's day room on the first floor of the two-storey building has been lavishly furnished by members of the Edmonton Quota Club. . . The men's lounge, situated on the second floor of the building, has been completely outfitted by members of the AA and SRA. . . Comfort to the patients quarantined in the annex are provided by the Royal Alexandra Women's auxiliary under the direction of Mrs. R. B. Douglas and Mrs. R. Lambert.

Walter P. Wilson who has announced that the Sixteenth Annual Capitol Theatre Rose Show will be held on Monday and Tuesday, July 19 and 20.

Survey Brings Some Returns

Employment and housing survey being conducted by the provincial department of economic affairs has resulted in returns from a few of the smaller communities. . . Hon. A. J. Hickey, minister of the department said Friday the survey is being conducted by a number of men of trade and chambers of commerce in the province. Only a relatively few communities had yet completed their forms, Mr. Hickey said. . . The survey is being conducted in conjunction with the government's projected British immigration policy.

THIS CANARY WANTS SERVICE

EMERSON, Man., May 1.—(CP)—A stranded housewife at this flooded border town was seen waving her hand for help from a second-storey window of her inundated home. . . Red Cross volunteers rushed hurriedly to the rescue. . . The woman wanted an order of birdseed filled at the store. Her canary was starving. . . Constantine Norman Floyd said at 20 miles an hour it took the waitress's car 40 feet to come to a stop.

Cadi Won't Take Poor Brakes Excuse

There is no excuse for poor brakes on a vehicle, Magistrate Alfred Simpson explained to an offender. . . Otto Erickson, 10888 97 street, said he had the brakes repaired on numerous occasions, but they just wouldn't hold for long. . . "Then you shouldn't drive the vehicle," was Mr. Simpson's comment. "I fine you \$5 and costs of court."

Bethlehem Profits Up For Quarter

NEW YORK, May 1.—(AP)—Bethlehem Steel Corp. reported Thursday for the March quarter net profit of \$15,492,311, equal to \$1.55 a common share. This compared with \$12,077,647, or \$1.21 a share in the final quarter of 1947 and with \$10,000,426, or \$1.01 a share, in the first quarter last year. In all cases the per share earnings are based on the number of shares outstanding at the end of December, 1947. Directors declared a dividend of 50 cents a share on the common, payable June 1 to a stock of record May 10. The same amount was paid in the last quarter after a three for one split of the stock.

The opening lead of the king of hearts in dummy, and saw that he had a sure heart, lost a sure diamond loser, and a possible club and spade loser. And what was he doing to do with the two diamonds? His first play was the queen of spades from dummy, and when East played low he let it ride. He played a small spade next, again East played low, and Gortner finessed the nine-spot. The ten of clubs was lost. West played low and declarer let it ride. The king of hearts, hoping to stop the declarer from getting a ruff, East led the king of spades. Gortner won with the ace and let the nine of clubs East played the six and Gortner let it ride. The seven of clubs was an entry into dummy, and Gortner made five spades, four clubs and the ace of hearts for his ten tricks.

BRIDGE "Deep" Finessing Brings in 4 Spades

By William E. McKenney
Tournament players of New Jersey have done a great deal in development of tournament bridge. Back in 1909 they sold the American Contract Bridge League the idea of holding the summer

♠ 85	♥ 876	♦ 5	♣ J62
♠ K72	♥ 1076	♦ 5	♣ AKJ
♠ 10963	♥ 2	♦ 1097	♣ 1097
♠ 10963	♥ 2	♦ 1097	♣ 1097

session of the national tournament in Ashbury Park. The tournament was held there for 12 years, and then the war made the convention hall unavailable. Now that it is available again Davis E. Gortner of South Orange, president of the New Jersey Bridge League, tells me that they are going to hold their annual New Jersey Shore tournament there May 14-16. Gortner handled the play of today's hand very well in a recent New Jersey tournament. He won

DISTRICT NEWS IN BRIEF

Lacombe to Build 15-Room School

Public Utility Board Approves Debutante Issue of \$220,000

LACOMBE, May 1. — The "new school" was approved this week from the Board of Public Utility Commissioners on Lacombe's proposed new \$220,000 school.

The official Lacombe school district board to "improve the area on \$220,000, in way of debentures for the purpose of erecting a school building with 15 classrooms and an auditorium, the said debentures to be repayable in the 10- or 25 consecutive annual payments, with interest at not more than 4 per cent."

If "Caumont" House, Edmonton, which is now preparing final blue prints for the building and it is estimated that the estimated drawings will be ready by the end of May.

At all possible, board members are to start starting work on the plan for this year.

JUDGE MORRISON FIRST OVERSEER

VERMILION, May 1. — Forty-two years ago April 26, Vermilion was duly incorporated as a village and the election of an "overseer" was necessary. There were no municipalities in those days, the word being strictly a "one-man job."

Mr. Morrison, who was then prime, being law there.

R. J. Elliott Is Head Of Waskatenau Board

WASKATENAU, May 1. — Waskatenau Board of Trade honored R. J. Elliott, high school principal for the past six years, when they elected him last night to the post of president.

Mr. Elliott has served the community faithfully and well in various capacities—as an officer in the curling club, sports day and ice carnival as secretary of the board of trade and as teacher in the high school.

Other officers elected were P. Letesky, vice-president and Fred Danesh, secretary-treasurer. Committees of committees were named as follows: H. Gaudet, agriculture; H. Lunn, hall, roads and town planning; C. Valente, merchants; G. Ray.

The meeting was attended by many from the farms, from getting in a pleasant social evening, and a number of cards, made the annual meeting an event to be remembered.

Prize winners at cards were announced: Mrs. R. Clark, H. Lunn, Mrs. Fred Danesh and J. Morin. Mrs. Clark won the district prize for the curling club.

Waskatenau school field its annual meeting on Friday at the home of Mrs. Krahulec. Report of the school board was given and plans were laid for a school track meet in May. After the business was concluded Mrs. Krahulec of the Waskatenau school served luncheon.

Incubator Baby Dies of Pneumonia

VERMILION, May 1. — A baby, born on April 22, died of pneumonia on April 27. The baby was born several weeks premature and was very small. It was kept in an incubator until April 24 when she came home. Cause of death was double pneumonia.

Juveniles Break Into Elks' Hall

DAWSON CREEK, R.C., May 1. — The Elks' Hall of Dawson Creek was broken into recently and a quantity of small items taken in connection with a game of pool. The stolen items were recovered and returned. No action is being taken by the police as they feel that lack of parental control was partly to blame.

Sewage Disposal Plant Damaged

VERMILION, May 1. — Sewage disposal plant covering the No. 1 settling tank on the west side of Vermilion river here, was carried away by flood water. The main plant is on the east side of the river and remains intact.

WALLACE NEWMAN, centre, was presented with a framed certificate from the Royal Canadian Humane Society at a dinner meeting of the Dawson Creek Chamber of Commerce Tuesday night. M. S. Morrell, left, government agent at Police Coupee made the presentation to Mr. Newman in recognition of his heroism in rescuing Mrs. Powell and her little daughter Shirley and attempting to save Mrs. Powell's infant son from their blazing dwelling last October. Mrs. Powell died from the severe burns she suffered in the fire believed to have been caused by an overturned lamp.

SEVERE ELECTRICAL STORM HITS TROCHU

TROCHU, May 1. — Alberta is living up to its reputation for unpredictable weather. During the early hours Thursday morning, a severe electrical storm damaged several transformers in the town, cutting off power in one area.

Last year on April 27 the thermometer registered 80 degrees, but it failed to reach 40 the same day this year.

Floods continue to be very bad, with many of them still impassable.

Youth is Drowned Crossing Creek

TROCHU, May 1. — Body of 16-year-old youth was recovered Thursday morning.

Clark and a companion, Clarke Porter, 12, and came to Trochu Prince for the mail from school. Apparently they tried to ford the swollen creek, but it is not known how Paul fell into the water. Clarke's small pony refused to cross and turned back to shore. Mr. and Mrs. Xavier de Beauport, three brothers, Pierre, Joseph and Jacques, and three sisters, Marie, Edith and Margaret survive.

Highways Flooded in Lacombe Area

LACOMBE, May 1. — Snow melt of the weekend, 1948, was heavy, many roads were closed.

Conditions have eased considerably, immediately north of Lacombe where a twenty-foot gas line is being laid in the newly constructed Calgary-Edmonton highway. To allow riding flood waters, to escape traffic, which has been using the old highway all winter, was not disturbed.

Prominent Ponoka Resident Dies

PONOKA, May 1. — Funeral services were held here Tuesday for William Joseph Dewilde, prominent citizen of Ponoka. Rev. H. S. Christie officiated.

Mr. Dewilde had come to Canada from Holland and settled in Ponoka in 1900, being engaged in various businesses until retirement in 1935.

He had served in many public capacities, being a member of the council and mayor for 1935. He was prominent in Chamber of Commerce and was a charter member of Elks Lodge and one of the first members of the Gun Club.

Surviving are his widow, one daughter, Mrs. C. Lewis, and one son, William, all of Ponoka. A brother and two sisters live in the United States and one brother resides in Holland.

Interment took place in First Union Cemetery, Mr. Brady, 1, Rev. H. S. Christie, J. Farrell, H. S. Christie and R. Stalter acted as hosts.

Minister at Rocky Selected for Post

EDMONTON, May 1. — Walter McNaughton, who is associated with Saskatchewan Bible School, was selected a service in the school last Monday night. He included a showing of lantern slides.

Mr. McNaughton, minister of the church, and Mrs. Mark, who start his work in Saskatchewan at the end of the month, members of the church met in the church parlour on Saturday night and presented Mr. Mark with a purse.

Service Is Held in Hinton School

HINTON, May 1. — Walter McNaughton, who is associated with Saskatchewan Bible School, was selected a service in the school last Monday night. He included a showing of lantern slides.

Mr. McNaughton, minister of the church, and Mrs. Mark, who start his work in Saskatchewan at the end of the month, members of the church met in the church parlour on Saturday night and presented Mr. Mark with a purse.

Whitecourt Helped By Cool Weather Dawson Creek Elks Sponsor Festival

WHITECOURT, May 1. — Heavy snowfall has added to the flood hazard in this area, but cool weather which followed has helped the situation.

Mr. and Mrs. Jack Heathwaite are the proud parents of a new son and Mr. and Mrs. Gordon Hennes have a daughter.

Although there has been little serious sickness and no epidemics in the district this year, the Elks have been kept busy with the usual round of spring ailments.

The game of bridge introduced from Whitecourt and was introduced about 1904.

WHITECOURT, May 1. — The committee of the Peace River South drama and music festival sponsored by the Dawson Creek Elks Lodge have completed arrangements for the 1948 festival to be held May 10, 11 and 12. The grand concert will be held in the Capital theatre on May 10 with two concerts, one in the afternoon and one in the evening.

Competitions are being held in the hall and the Capital hall. Athletes in the music class will be Mr. Vernon Harford, M.A., P.C.O. (A.G.), well known organist and music teacher of Edmonton.

H. J. HEINZ COMPANY OF CANADA LTD.

Announces the Opening of a New BRANCH OFFICE

at EDMONTON May 1st, 1948

Each year produces a considerable increase in the volume of sales made by the House of Heinz in Western Canada.

To keep pace with the growing demand for the famous 57 varieties, Heinz takes pleasure in announcing the opening of a new branch office at Edmonton. It is hoped that this new branch will facilitate the distribution of Heinz products and help us to maintain even closer contact with our good friends and customers in Edmonton and area.

Mr. G. G. Steeves, who has represented Heinz in the Edmonton area for 23 years has been appointed manager of the new Edmonton Branch.

REACH AGREEMENT

THE Teenie Weenies are very kind to the Rhyming Rabbit. During the Winter when the ground is covered with snow and it is difficult for the old rabbit to find food, the little folks carry supplies to him. Of course the Teenie Weenies are sorry for him and they are glad to help him, but on the other hand there's a bit of wisdom in their kindness.

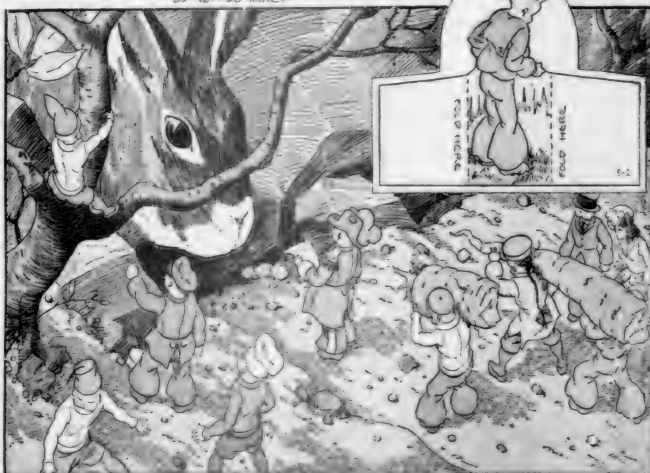

When the Rhyming Rabbit first settled in the neighborhood of the Teenie Weenie village he completely ate up the young plants in the Teenie Weenie garden one night.

The Teenie Weenies called a meeting in the old hat which serves them for a town hall to talk the matter over. There wasn't much they could do, for the rabbit was quite too big for such tiny folks to handle. Finally it was decided to go to the rabbit's house and explain to him how important their garden was to them. But when the General tried to explain the nature of their visit he discovered that the rabbit would only talk in rhyme. This made negotiations rather difficult, but the Teenie Weenies finally managed to come to a rhyming understanding with the rabbit.

The Teenie Weenies made up a rhyming agreement in which they, the Teenie Weenies, would plant a certain number of lettuce heads each year in their garden for the rabbit and furthermore they would bring him food during the Winter when he was unable to get supplies. On the other hand the rabbit must desist, abstain and deny himself the pleasure of eating the various plants in the Teenie Weenie garden.

THE TEENIE WEEENIES

BY WIM DONAHAY

den. At first they named, in the agreement, all the plants in their garden, but this was rather difficult to do in proper rhyme and so they settled on a simple oath which is presented to the rabbit each Spring.

When the seeds have all been planted in their garden the Teenie Weenies carry a carrot or a bit of lettuce as a present to the rabbit. These tid bits are usually found behind the big grocery store and when the rabbit comes out of his hole the General reads the following oaths:

"We've planted our garden and we ask you to swear, You'll not eat the plants that are growing there."

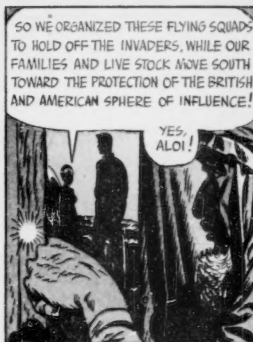

After the General has read the oath the rabbit raises his right paw and answers:

"I solemnly promise, as a gentleman here,

"Not to eat vegetables growing there."

If's all very simple and works out beautifully for both parties.
